**End Application:**

F-11 aircraft

**Special Features:**

Height 0.50 in.; diameter 1.0 in.; item is made out of non corrosive metal; 500 psi max; traps up to .008 ia particales; used on after burner actuator assembly; goes into hydraulic actuator

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A24000
