Wall Thickness:

0.1250 inches

Design Form:

Convolute

Outside Diameter:

3.250 inches

Nominallength:

65.500 inches

Material:

Steel

Material Specification:

Qq-t-830 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A500u0
