Overall Length:

26.660 inches

Overall Height:

10.940 inches

Overall Width:

11.500 inches

End Application:

U/o af ma-3 air cond unit for onan diesel eng

Design Type:

Dry

Coolant Type:

Air

Muffler Design:

Directional vane w/integral spark arrestor

Body Shape:

Oval

Operating Position:

Horizontal

Cognizant Service:

Usaf

Material:

Steel, stainless

Material:

Stainless steel

Fsc Application Data:

Miscellaneous engine accessories, nonaircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T135-c
