Inlet Connection Type:

Unthreaded single inlet

End Application:

3895-01-193-4078

Design Type:

Dry

Coolant Type:

Air

Body Shape:

Round

Operating Position:

Vertical

Inlet Location:

Centrally located on end section of body single inlet

Outlet Connection Type:

Unthreaded 1st outlet

Outlet Location:

Centrally located on opposite end section of body 1st outlet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T135-c
