Inlet Connection Type:

Unthreaded

End Application:

Portable compressor, sullair corp., rotary screw air type, 750 cfm/250 psi model

Design Type:

Dry

Coolant Type:

Air

Body Shape:

Round

Operating Position:

Horizontal

Inlet Location:

Centrally located on side end of body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T135-c
