Wall Thickness:

0.0650 inches

End Item Source:

30076

Design Form:

Prebent

End Item Name:

Forklift

End Item Model Number:

H135-155xl

Usage Location:

Exhaust pipe

Outside Diameter:

2.000 inches

Nominallength:

660.0 millimeters

Special Features:

15.0 degree precut end

Material:

Steel

Material Specification:

Astm a513, type 1 assn standard single material response

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A500u0
