Effective Length:

25.000 inches

Core Construction:

Wire rope

End Application:

2815-99-799-3119 cylinder head, diesel engine used onboard 47 ft mlb coast guard vessels

Travel Distance:

3.000 inches

Features Provided:

Rotary adjustment provision

Core Material:

Steel

Special Features:

33c supreme red-jaket cable, 100% interchangeable with 33c cables; 4 in. bend radius capability; corrosion resistant stainless steel rods and hubs; uv and abrasion resistant high-density red-jaket; anti-corrosive sleeves; protective seals; 10-32 sae threads; can be substituted for 43c cables

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524c0
