End Application:

B-1 support equipment

Pipe Diameter Range Accommodated:

+5.750/+6.250 inches

Pipe Outside Diameter Accommodated:

6.000 inches

Special Features:

Hstainless steel bushing and hinge assembly; counter balanced for automatic operation; ambient operating range from -40 degrees f to +115 degrees f; next higher assembly/nsn 4130-01-446-3526; compressor, refrigeration

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A514r0
