Overall Length:

2.454 inches

End Application:

A/s37a-3 shipboard mobile electric power plant engine

Product Name:

Switch, thermal, engine overtemp

Special Features:

Open on rise. 180 to 220 deg. F. Standard operating temperature range

Material:

Stainless steel

Precious Material And Location:

Contacts silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
