Mounting Flange:

Not included

Special Features:

Speed control; 1khz to 7.5 khz continuous speed range; -40 to 85 degrees c operating temperature; 16-32vdc supply voltage; 10 amps continuous actuator current at 25 degrees c; can be mounted in any position but vertical mounting is preferred; reverse voltage protected by a parallel diode

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T135-h
