**Overall Length:**

7.096 inches

**Overall Width:**

6.870 inches

**End Application:**

M88a2 heavy recovery vehicle (hercules)

**Product Name:**

Shield, heat discharge side

**Special Features:**

2item consists of the following welded together; 1ea plate p/n 12367249-1 or 1ea plate (part of 01133200) modified, 1ea mounting bracket angle p/n 12367249-3 or mounting bracket angle (part of 01133200), 1ea clinch nut p/n 12477534 or weldnut (part of 01133200) attached to mounting bracket, and 1ea channel p/n 12367249-2 or channel (part of 01133200); nha apu engine assembly nsn 2815-01-465-4321; surface treatment, hot dip galvanized iaw astm a123, grade 85 and paint iaw mil-p-14105, green 383.

**Material:**

Steel comp 1009

**Furnished Items And Quantity:**

1 mounting bracket

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A520e0
