Overall Length:

37.324 inches

End Application:

HMMW-VN-SN2-3200

Accessory Components And Quantity:

1ea flange p/n 12338352, 1ea tube p/n 12469353-2, 1ea catalytic converter p/n 12460100, 1ea tube p/n 12469353-1, 1ea flange p/n 12338348.

Product Name:

Exhaust assembly, catalytic converter

Special Features:

Catalytic converter container and end cone material astm a176 or a240 type 409; both tube material specs astm a268 type 409 or astm a269 type 304; p/n 12469353-1 tube 3.00 in. Od x 0.065 in. Wall thickness; p/n 12469353-2 tube 2.875 in. Od x 0.065 in. Wall thickness; flange p/n 12338352 material specification astm a240 type 304!; flange p/n 12338348 material specification astm a240 type 439 or type 409.

Material:

Stainless steel

General Description:

Item consists of p/n's in mrc akyd welded and assembled together.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
