Inlet Connection Type:

Flange

End Application:

C93)-FI-VET-ONTA

Design Type:

Dry

Body Shape:

Round

Operating Position:

Horizontal

Inlet Location:

End of prebent extension pipe; u-clamped to muffler

Inlet Flange Shape:

Oval

Inlet Flange Mounting Provision And Quantity:

2 holes

Outlet Connection Type:

Unthreaded

Outlet Location:

End of exhaust pipe; pipe is curved and u-clamped

Product Name:

Muffler pipe assembly

Special Features:

Assembly consists of inlet extension pipe (prebent); muffler; and exhaust pipe with u-clamps 3 ea

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T135-c
