Product Name:

Governor, actuator

Voltage In Volts:

12.0

Special Features:

Reverse acting; max. Pressure 50 psi; speed range 1200-4000 rpm; operating temperature -20 degrees c - 90 degrees c; input current range 20-60 ma; max. Allowable current 200 ma; weight 9-10 kg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30500
