End Application:

Lav-25, -r, -l, -cc, -at, -mewss and -m; models 08594b, 08652b, 08650b, 08651b, 08654bm 08655b and 09999a

Product Name:

Radiator assembly, lav

Special Features:

Core dimensions are width - 757.4 mm, height - 709.3 mm, and depth - 62 mm; radiator materials must comply with iso 11474; coolant is water/glycol 50/50 percent; performs under ambient conditions of t air at 125.6 degrees fahr and t coolant at 212.0 degrees fahr; dry weight of radiator is 85 lbs

Surface Treatment:

Alodine

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
