Product Name:

Control assembly, pressure ratio bleed

Special Features:

Main control assembly, bleed air pressure, turbine engine

Reference Data And Literature:

lpb t.O. 6j15-20-4-3

General Description:

0 to 40 psia pressure inlet, ambient to 125 psia low discharge pressure, 15 to 410 psia high discharge pressure, 260 psig bleed override signal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
