Overall Length:

0.375 inches

Outside Diameter:

0.500 inches

Bore Diameter:

0.2500 inches

Bore Length:

0.2500 inches

Bore Shape:

Straight

Special Features:

Braze rod per mil-b-7883 using silver solder per q-s-561; surface treatment: passivate per mil-f-14072, fin. E-300; securing method: clamp; keying facility and bore counterbore feature: not included; hub od: 0.312" nom.; thread provision: 0.062" nom.; flange thickness: 0.062" nom.

Material:

Stainless steel

Material Specification:

Qq-s-763, class 303, condition a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A521x0
