**Overall Length:**

0.375 inches

**Outside Diameter:**

0.500 inches

**Bore Diameter:**

0.2500 inches

**Bore Length:**

0.2500 inches

**Bore Shape:**

Straight

**Special Features:**

Braze rod per mil-b-7883 using silver solder per q-s-561; surface treatment: passivate per mil-f-14072, fin. E-300; securing method: clamp; keying facility and bore counterbore feature: not included; hub od: 0.312" nom.; thread provision: 0.062" nom.; flange thickness: 0.062" nom.

**Material:**

Stainless steel

**Material Specification:**

Qq-s-763, class 303, condition a federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A521x0
