**Overall Length:**

1.120 inches

**Thread Size Designator:**

1/8-40

**Overall Diameter:**

0.510 inches

**End Application:**

F4e asg26/asg22

**Bore Shape:**

Tapered first end

**Threaded Hole Quantity:**

1

**Body Material:**

Aluminum alloy

**Material Specification:**

Qq-a-601, t6 federal specification single material response

**Surface Treatment:**

Anodize

**Surface Treatment Specification:**

Mil-a-8625, type 1 military specification single treatment response

**Style Designator:**

Double cone sleeve compression

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A522c0

**Mil-std (military Standard):**

Mil-a-8625 spec.
