Overall Length:

1.120 inches

Thread Size Designator:

1/8-40

Overall Diameter:

0.510 inches

End Application:

F4e asg26/asg22

Bore Shape:

Tapered first end

Threaded Hole Quantity:

1

Body Material:

Aluminum alloy

Material Specification:

Qq-a-601, t6 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 1 military specification single treatment response

Style Designator:

Double cone sleeve compression

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A522c0

Mil-std (military Standard):

Mil-a-8625 spec.
