**Body Style:**

Multiple positioning holes, raised face

**Spline Major Diameter:**

1.750 inches

**Bore Length:**

2.2500 inches

**Bore Shape:**

Splined

**Special Features:**

Bore thread size designator: 3/8-24 nf; positioning facility bolt circle dia.: 5.125" nom.; positioning facility qty: 8; positioning hole style: tapered; o/a outside dimension: 5.750" od; spline lg.: 2.250" nom.; hub od: 2.500" nom.; spline minor dia.: 1.505" nom.

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A521x0
