Spline Minor Diameter:

1.4870 inches first end and 1.4880 inches first end

Spline Major Diameter:

1.7490 inches first end and 1.7500 inches first end

Counterbore Diameter:

1.7660 inches both ends

Counterbore Depth:

0.5000 inches both ends

Overall Length:

6.625 inches

Outside Diameter:

7.625 inches

Spline Quantity:

6 both ends

Bore Shape:

Splined both ends

Design Type:

Grid spring

Spline Length:

2.750 inches both ends

Features Provided:

Counterbore and exposed coupling bolt type and standard grid spring and shrouded coupling bolt type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A522b0
