Overall Length:

5.124 inches

Winding Type:

Series wound

Geared Head Output Shaft Alignment Position:

Inline w/armature single end

Power Rating:

0.1250 horsepower output

Connection Type And Voltage Rating In Volts:

27.0 line to neutral single input

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
