Bolt Circle Diameter:

Between 7.250 inches and 16.000 inches

Overall Thickness:

0.031 inches

End Application:

2320-01-304-2277 and 2320-01-304-2278 pls (palletized loading system)

Bolt Hole Diameter:

Between 0.531 inches and 0.563 inches

Special Features:

Laminated construction feature-not incl.; matl-steel sae 1010, 1020; bore diameter 6.251 in.

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52200
