Overall Length:

0.813 inches

Spline Quantity:

23 first end

Overall Diameter:

2.875 inches

End Application:

Engine, series 71, general motors corp

Bore Shape:

Straight first end

Spline Pressure Angle In Deg:

20.000 first end

Spline Type:

Involute first end

Body Material:

Steel

Special Features:

Pitch diameter: 2.300 in.

Material Specification:

Sae 1040 assn standard single material response

Style Designator:

Plain sleeve

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A522c0
