End Application:

Model no. Wiu6

Design Type:

Single reduction

Gear Type:

Spur

Total Ratio:

120 to 1

Lubrication System:

Splash

Output Shaft Type:

Straight

Output Shaft Quantity:

1

Features Provided:

Shipboard usage design

Special Features:

Radio set, navigation system, airborne; straight output shaft diameter 0.124 in.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A522e0
