Spline Minor Diameter:

0.6560 inches both ends

Spline Major Diameter:

0.7430 inches both ends

Overall Length:

2.125 inches

Spline Quantity:

22 both ends

Overall Diameter:

1.110 inches

End Application:

Starter, engine, pneumatic

Bore Shape:

Splined both ends

Spline Pressure Angle In Deg:

30.000 first end

Spline Length:

0.932 inches both ends

Spline Type:

Involute both ends

Body Material:

Steel

Special Features:

Pitch diamter: 0.688 in.

Style Designator:

Plain sleeve

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A522c0
