NSN 3010-00-630-2773

Shaft Coupling Half - Page 1 of 1

Fiig: A521x0

View Online at https://aerobasegroup.com/nsn/3010-00-630-2773

Special Features:
Securing method: threaded hole; threaded hole qty: 4; hole thread size designator: 0.138-32
Material:
Copper alloy
Material Specification:
Qq-b-613 composition 1 federal specification single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
