**Overall Length:**

0.970 inches

**Special Features:**

Surface treatment: passivated, qq-p-35, type 4; distance from bore centerline to body keying facility bottom/top: 0.281" nom.; body keying facility wd: 0.040" nom.; body keying facility depth/ht: 0.485" nom.; o/a outside dimension: 0.602" od; hub od: 0.249" nom.; flange thickness: 0.485" nom.

**Material:**

Stainless steel

**Material Specification:**

Qq-s-764, class 303, condition a federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A521x0
