**Fabrication Method:**

Molded

**Major Diameter:**

1.375 inches

**Thickness:**

0.062 inches

**Hole Arrangement Style:**

Indefinite (note: for definite drilling patterns with mounting holes only)

**Mounting Hole Diameter:**

0.094 inches

**Strengthening Feature:**

Internally molded-in reinforcement

**Minor Diameter:**

0.375 inches

**Lining Style:**

Clutch disk

**Mounting Hole Circle Diameter:**

1.000 inches

**Circular Pattern Hole Type And Quantity:**

2 thru-hole single securing circle

**Attachment Method:**

Riveted

**Supplementary Features:**

Item has been reviewed for asbestos material. The current approved sources 03956 have indicated their part number contained asbestos prior to 1984. They continue to manufacture the same part number without asbestos material after 1984

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A230a0
