**Overall Height:**

1.375 inches

**Overall Length:**

3.788 inches

**Shaft Diameter:**

0.1873 inches single end

**Current Type:**

Dc input

**Shaft Rotation Direction:**

Counterclockwise single end

**Features Provided:**

Vertical mounting position and horizontal mounting position

**Length Of Shaft From Housing:**

0.810 inches single end

**Geared Head Output Shaft Speed Rating:**

187.100 single revolutions per minute single end

**Shaft End Characteristic:**

A1 single style single end

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A271a0
