Overall Height:

1.375 inches

Overall Length:

3.788 inches

Shaft Diameter:

0.1873 inches single end

Current Type:

Dc input

Shaft Rotation Direction:

Counterclockwise single end

Features Provided:

Vertical mounting position and horizontal mounting position

Length Of Shaft From Housing:

0.810 inches single end

Geared Head Output Shaft Speed Rating:

187.100 single revolutions per minute single end

Shaft End Characteristic:

A1 single style single end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A271a0
