End Application:

Afterbody section, torpedo mk50

Special Features:

Matl cres and moderate heat resistant steel; surface roughness 125 micoinches; operating temp 32 degrees f to 180 degrees f; design pressure 1500 psig, proof pressure 2000 psig

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A513q0
