End Application:

An/mst-t1a warning set, warfare

Design Type:

Differential planetary reduction

Total Ratio:

140: 1 to 150: 1

Lubrication System:

Manual

Input Shaft Type:

Keyway

Input Shaft Quantity:

1

Shaft Position:

Output shaft l to r

Special Features:

Gear type-planetary

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A522e0
