Body Style:
Multiple positioning holes, raised face
Overall Length:
3.000 inches
Outside Diameter:
18.540 inches
Bore Diameter:
1.8750 inches
Bore Length:
3.0000 inches
End Application:
Weapons system seawolf class ssn
Bore Shape:
Straight
Features Provided:
Keyway
Special Features:
14 mounting holes 0.562 in. Diameter on 15.940 bolt hole center
Material:
Nickel alloy and copper alloy
Material Specification:
Qq-n-281 class a federal specification single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A521x0
