Body Style:

Multiple positioning holes, raised face

Overall Length:

3.000 inches

Outside Diameter:

18.540 inches

Bore Diameter:

1.8750 inches

Bore Length:

3.0000 inches

End Application:

Weapons system seawolf class ssn

Bore Shape:

Straight

Features Provided:

Keyway

Special Features:

14 mounting holes 0.562 in. Diameter on 15.940 bolt hole center

Material:

Nickel alloy and copper alloy

Material Specification:

Qq-n-281 class a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A521x0
