Overall Length:

2.000 inches

Outside Diameter:

12.300 inches

Bore Diameter:

0.3750 inches both ends

Bore Length:

2.0000 inches both ends

End Application:

4920-01-345-7495

Bore Shape:

Straight both ends

Design Type:

Clamping hub

Features Provided:

Keyway

Special Features:

Setscrew located in hub, weapons system aircraft starlifter c141

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A522b0
