Overall Diameter:

3.810 inches

End Application:

Submarine; sewolf class ssn 21/22, ohio class

Special Features:

Rammer I.H., dry design type, rigid flexibility, disk type-internal teeth, solid construction, involute spline type, spline q type 25, spline major diameter 1.6510 in. Nom

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A525h0
