End Application:

W/s code usns stalwart class tagos

Design Type:

Single reduction

Gear Type:

Worm

Total Ratio:

Reduction 30.000 to 1

Shaft Position:

Output shaft projection-left

Special Features:

Nha gear assembly speed; center distance 21 - 2.0 inches; no base kit required; no fan; no lube; nema mounting-bore code b5, nema-56c, input bore 625, keyway 3/16 x 3/32

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A522e0
