Overall Length:

2.750 inches

Outside Diameter:

1.500 inches

Bore Diameter:

0.5000 inches both ends

Bore Length:

1.0313 inches both ends

End Application:

Waters class tags-45

Bore Shape:

Straight both ends

Design Type:

Multijaw

Features Provided:

Keyway

Insert Material:

Rubber synthetic

Special Features:

Coupling assembly-2 coupling halves and one coupling insert; next higher assembly-door, watertight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A522b0
