Overall Length:

0.500 inches

Outside Diameter:

0.500 inches

Bore Diameter:

0.1250 inches both ends

Bore Length:

0.5000 inches through bore

End Application:

Bradley

Bore Shape:

Straight both ends

Design Type:

Double helical flexure

Special Features:

Item has two set screws at 120 deg. Angle center to center, made of aluminum alloy 7075-t6

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A522b0
