Spline Major Diameter:

2.940 inches

Outside Diameter:

4.500 inches

End Application:

Winch assembly, sr18

Design Type:

Wet

Spline Type:

Straight

Disk Type:

Hub

Construction:

Solid

Disk Material:

Steel

Special Features:

Plate, drive, brake, sprag c spline (manufacturer's name)

Flexibility:

Rigid

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A521p0
