Coupling Shaft Element - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3010-01-481-0677

Product Name:
Composite efson coupling element
Special Features:
Urethane material with excellent oil and abrasion resistance; temperature range -31 to +158 degrees
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
