Overall Height:

5.750 inches

Angle In Deg:

90.0

Drive Shaft Type:

Keyed

Drive Shaft End Diameter:

Between 0.621 inches and 0.624 inches

Gear Ratio:

1 to 1

Features Provided:

Seal

Body Material:

Copper alloy

Product Name:

90 degree gear box assembly

Special Features:

Non magnetic, non corrosive; includes housing, cover, gears, thrust bearings, sleeve bearings, flange sealant, seals, retaining ring, square key, screws and shims

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A523e0
