Body Length:

76.500 inches

Environmental Protection:

Weatherproof nema 4 rating

End Application:

Nimitz class cvn

Stroke Length:

36.000 inches

Braking Method:

Electric

Limit Switch Control:

Included

Manual Override:

Included

Mounting Facility:

Mounting brackets

Product Name:

Stanchion actuator

Special Features:

7andco model 7310-t 36 inch stanchion actuator "a" mounting configuration; trunnion mount and motor support bracket are turned 90 deg. Left from handwheel when viewing from brake motor end; includes handwheel and clutch handle; rod end 1.75-8 un-2a

Supplementary Features:

Type a mounting configuration of model 7310-t

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A30500
