**Body Length:**

76.500 inches

**Environmental Protection:**

Weatherproof nema 4 rating

**End Application:**

Nimitz class cvn

**Stroke Length:**

36.000 inches

**Braking Method:**

Electric

**Limit Switch Control:**

Included

**Manual Override:**

Included

**Mounting Facility:**

Mounting brackets

**Product Name:**

Stanchion actuator

**Special Features:**

7andco model 7310-t 36 inch stanchion actuator "c" mounting configuration; trunnion mount and motor support bracket are turned 90 deg. Right from handwheel when viewing from brake motor end; includes handwheel and clutch handle; rod end 1.75-8un-2a

**Supplementary Features:**

Type c mounting configuration of model 7310-t

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A30500
