Overall Length:
4.940 inches
Outside Diameter:
1.500 inches
Bore Diameter:
0.6200 inches through bore
Bore Length:
4.0000 inches through bore
End Application:
Actuator syst.
Bore Shape:
Straight through bore
Design Type:
Bellows
Product Name:
Slip joint, stl
Special Features:
Zused on 5/8" rr rog; length includes center spindle end; finish: paint except bore and spindle in black; item includes: spindle (1), bushing
(2), housing (3), adapter (4), hex hd blt (5), thk flw (6), lock washer (7) and roll pin (8)
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A522b0
