Overall Length:

9.380 inches

Outside Diameter:

2.250 inches

Bore Diameter:

1.0000 inches through bore

Bore Length:

7.8800 inches through bore

End Application:

Actuator syst.

Bore Shape:

Straight through bore

Design Type:

Bellows

Product Name:

Slip joint, stl

Special Features:

Zused on 1" rr rog; length includes center spindle end; finish: paint except bore and spindle (black); item includes: spindle (1), bushing (2), housing (3), adapter (4), hex hd blt (5), flat washer (6) lock washer (7) and roll pin (8)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A522b0
