Overall Length:

5.250 inches

End Application:

Actuator syst

Design Type:

Block and pin

Hub Bore Diameter:

1.002 inches second end

Connection End Type:

Hub, bored second end

Special Features:

Material: sst, next higher assembly: 1 rr, rog, outside diam: 1.75"

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A521w0
