Overall Height:

3.250 inches

Overall Width:

4.880 inches

End Application:

Ssn21 seawolf submarine

Integral Valve Operation Method:

Hydraulic

Design Characteristics:

Single acting single cylinder

Product Name:

O/b hoist and platform dolly lock cylinder

Special Features:

Actuator assembly consists of find numbers 1 through 29. length is 18.160.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
